

VILLA DUBROVNIK
DUBROVNIK

COVID-19 PCR TESTING

Reduce the stress of traveling during the pandemic and do the COVID-19 test quickly and in style – in a private clinic, Dubrovnik General Hospital or on the premises of Villa Dubrovnik.

A negative PCR test is now required to enter many countries. Waiting in lines can take time, and time is precious, so Villa Dubrovnik has taken on this challenge and enabled its guests to take the test at a prearranged time in a private clinic, general hospital or on hotel premises quickly and easily.

Let us make your journey a pleasure and reduce stress.

Arrange PCR testing with us and the professional medical staff will come to our location at the agreed time, perform testing according to strict epidemiological measures, and deliver the result to your e-mail address the same day or within 24 hours, depending on your needs.

The process of arranging testing dates:

1. The date and time of testing needs to be arranged with the hotel at least 24 hours in advance (to ensure your appointment, we suggest that you contact us earlier to communicate and check availability with the laboratory)

2. Testing is possible within the following times:

Monday - Sunday: 8 a.m. - 9 a.m.

In case of emergency, testing can be done every day from 9 a.m. – 2 p.m. with same day results according to the pricelist.

3. When booking accommodation, contact us by email at guestservices@villa-dubrovnik.hr, or contact front desk staff during your stay at the hotel.

4. We need the following information:

- Test time (depending on when you are traveling and when you need to present the test)
- Name and surname
- Date of birth
- Nationality
- Passport number
- E-mail address (to which the test result will be sent)

5. Payment is made at the clinic by cash or credit card or by bank transfer prior to testing (if testing is done at the hotel) according to the displayed price list.

PRIVATE CLINIC PRICE LIST:

1. PCR test with results within 24 hours:
900,00 kn
2. PCR test with same day results:
1150,00 kn
3. PCR test in the guestroom:
